 Looking after yourself, is looking after everyone. for full coronavirus information in English

All members of the public are ordered to stay at home unless absolutely necessary

On Saturday 14th March 2020 a Royal Decree was passed declaring a state of emergency throughout Spain due to the Coronavrus/COVID-19 crisis.

The decree introduces a series of measures designed to combat the spread of the virus, which has already led to over 11,000 cases of infection being confirmed, well over 400 fatalities and the likelihood of the situation worsening before the emergency measures begin to take effect and the rate of infection decreases.
